THE COMMUNITY

Built on a dynamic history rooted in revolution, Montgomery is many things. It's steeped in Southern tradition and hospitality, yet it's a modern city on the forefront of innovation. It's the birthplace of two world-changing events: the Civil War and the Civil Rights Movement. It's the state capital. It's home to the strategic center of our nation's Air Force and the region's first high-speed internet exchange. It has almost two centuries of tales to tell, and it's jam-packed with culture, entertainment and activity options for all interests.

CITY GOVERNMENT

Montgomery is the capital of Alabama and the county seat for Montgomery County. The City of Montgomery consists of a Mayor-Council system of government. Both the Mayor and Council are elected by the people to four year terms. In addition to housing many Alabama government agencies, Montgomery has a large military presence. The City has won national awards and been nationally recognized for its downtown revitalization projects. It was one of the first cities in the nation to implement Smart Code zoning.
