

Transportation Planner

Burk-Kleinpeter, Inc., an engineering, planning, architecture and environmental firm, is seeking an Urban Planner with a background in general transportation planning, including experience with grant writing and project development for its New Orleans office. Position responsibilities include collecting, organizing and analyzing data, preparing technical reports, and facilitating and preparing content for meetings, either independently or as part of a multi-disciplinary team.

The position requires a Master's Degree in city planning, urban and regional planning, transportation planning or equivalent planning concentration and two years of experience along with strong writing and communication skills. Computer skills must include a good working knowledge of ESRI ArcGIS and Microsoft Office Suite. The successful applicant should also possess general knowledge of the land use, economic development and/or environmental planning areas. Position requires familiarity with federal and state transportation programs and concepts that are part of the highway, transit and bicycle project development process. Additionally, knowledge of the federal environmental process (NEPA) and transportation software such as HCS and/or Synchro, etc. is a plus.

Competitive salary & benefits package that includes, 401(k) plan, health insurance, paid holidays and vacation, sick leave, & 4½ day work week.

Send resumes: Human Resources Manager, Burk-Kleinpeter, Inc., 4176 Canal Street, New Orleans, LA, 70119 or via email to hr@bkiusa.com.
