

We would like to post the following job opening that is available here at PORT NOLA

Port Manager A

This position is the Planning & Permitting Coordinator, in the Port's Sustainable Development Department, to assist the Planning & Permitting Manager with processing Port permit applications and supporting port-wide planning initiatives. Position requires ability to read construction documents including drawings, plans and specifications, and experience with construction management.

This position requires the Civil Service 8100-PLE Professional Level Exam.

To Apply: Please visit the Civil Service website at: www.jobs.la.gov and fully complete the application detailing all prior experience and relevant qualifications. The deadline to apply is 7/11/2018. Please do not attach resumes, they will not be reviewed. EOE.
